

Attention Parents of 5<sup>th</sup> grade Students:

As of this school year, the Arizona Department of Health Services Immunization Program has changed the immunization requirements for school attendance: **Tdap and Meningococcal vaccines are now required at age 11 regardless of the student's grade level.**

<b>AGE REQUIRED</b>	<b>VACCINE</b>
11 Years Old	Diphtheria, Tetanus, Pertussis (Tdap)*
11 Years Old	Quadrivalent Meningococcal (MenACWY or MCV)*

*\*In accordance with Arizona State Law, lack of proper documentation may result in your child being excluded from school until immunization records showing proof of all required immunizations are provided to the health office.*

**When your child reaches their 11<sup>th</sup> birthday, please provide your school's Health Office with an immunization record showing that they have received the Tdap and Meningococcal vaccinations.**
